

Become an AVP facilitator and learn how to lead peacemaking workshops in your community!

In this fun, interactive workshop, you will learn the techniques for teaching peace. Working in teams, you will practice leading conflict resolution exercises and develop the skills of joyful community building.

This 3-day workshop will lead to your certification as an AVP facilitator-in-training.

To be eligible for this training, you need to have already completed both AVP Basic and Advanced Workshops. This workshop is also for AVP facilitators who would like to refresh their training.
